

Chilean Salt Petre

# DIAMOND BOOST

ORGANIC PLANT GROWTH PROMOTER

## DIAMOND BOOST

### CROP YIELD BOOSTER

This is manufactured using naturally occurring total organic materials and contains:

**Chilean Salt Petre, obtained from the Andes Hills in Chile.**

**Humic acid, the ultimate product of decomposition of any organic material (from coal mines).**

**Amino acid, extracted from leaves, seeds and plant protein materials. It imparts resistance to plants against pests and diseases and imparts drought tolerance to plants and increases the crop yields. This is compatible with all insecticides, fungicides etc.,**

### RECOMMENDATIONS
